El objeto perdido

Nina siempre lleva lápices, rotuladores, sacapuntas, clips y una grapadora en su estuche. Como sabe que es un poco despistada, siempre está contando a ver si lo lleva todo. Cada mañana lo comprueba antes de salir de casa, y ¡siempre falta uno! ¿Serás capaz de ayudar a Nina a encontrar el material perdido?

@neuro:ria

En cada ronda se le da la vuelta a una carta con cuatro objetos, en la cual siempre faltará un objeto y un color. El primer jugador que encuentre el objeto que falta en el color correcto se quedará la carta de los cuatro objetos. Al final del juego, el jugador con más cartas ganará.
